

## Nyumba na Jua – the perfect landlord for medical staff

Nnj owns apartments directly in the city of Dar es Salaam.

All accommodations are nearby: restaurants, bars, supermarkets, schools et cetera.

But very, very important: the biggest and most well-known hospital in Tanzania is located.

directly in front of the apartments of Nnj. It´s the hospital of Muhimbili.

To the hospital of Muhimbili the tenant of Nnj's apartments can go by foot, it's just a relaxed and safe walk.

Even other hospitals, e.g. Aga Khan Hospital can be reached by foot or, if being in a hurry,  
by a short taxi transport.

That's the reason that the apartments of Nnj are favored by clinical staff like

- doctors
- nurses
- clinical managers
- clinical administration staff
- medical scientists

Nnj is specialized in hosting these valued guests.
